Disclaimer

This Website and linked websites provide general information on a broad range of health topics for education purposes only. It does not provide medical advice, professional diagnosis, opinion, treatment or services to you or to any other individual. The information provided in this website and linked websites is not a substitute for medical or professional care, and you should not use the information in place of a visit, call consultation or the advice of your physician or other healthcare provider. Reading or watching anything on this website and linked websites does not create a physician-patient relationship with any of the writers or speakers that are doctors.

If you believe you have any other health problem, or if you have any questions regarding your health or a medical condition, you should promptly consult your physician or other healthcare provider. Never disregard medical or professional advice, or delay seeking it, because of something you saw on this website or linked websites. Never rely on information from this website and linked websites in place of seeking professional medical advice. You should also ask your physician or other healthcare provider to assist you in interpreting any information in this website or linked websites, or in applying the information to your individual case.

Medical information changes constantly. Therefore, the information provided in this website and linked websites should not be considered current, complete or exhaustive, nor should you rely on such information to recommend a course of treatment for you or any other individual. Reliance on any information provided in this website or linked websites is solely at your own risk.

Hippocrates Health Institute does not recommend or endorse any specific tests, products, procedures, or opinions.
